

Introducing the PHYSICIAN HOTLINE

Do you have questions, concerns, comments or accolades that you'd like to address with the right person from the hospital?

The NEW Physician Hotline is an opportunity to be heard and get the information you need.

Please call **480.728.CALL (2255)** Monday through Friday from 7:30 a.m. to 5:30 p.m., or you may leave a voicemail after hours.

Your call will be fielded by the ResourceLink and routed to a Subject Matter Expert who will attempt to resolve the issue and provide feedback to you within 24 business hours.
